Professional Summary

I am a motivated and skilled Computer Science Undergraduate with strong problem-solving skills and experience in competitive programming, data structure, and algorithms. I have a passion for machine learning engineering and I am constantly learning new skills to improve my abilities in this field. I am an excellent communicator and leader with the ability to work well in a team environment.

Skills

- Languages: Bangla, English
- Programming Languages: Python, Java, C++, Bash, SQL
- Communication Skills
- Leadership
- Competitive Programming
- Data Structures and Algorithms

Projects

- Online Exam Using Java
- Chess Game Using Python

Education

- B.Sc in CSE, Green University of Bangladesh, CGPA: 3.08, 2022-2023

Certifications

- ICPC Preliminary Certificate - `https://github.com/ibrahimrifatcse/ibrahimrifatcse/blob/main/fdfe.PNG`

Goal

My goal is to become a machine learning engineer and continue to learn and grow in this field.

Work Experience

None.
